A: 371 Taylor Street  
Toowoomba QLD 4350

## ABOUT THIS COURSE

This course specifies the competency required to undertake gas testing of atmospheres when conducting work in environments that may pose a hazard to employees. The competency is suitable for participants required to work in confined spaces or in and around hazardous atmospheres.

## PREREQUISITES

There are no prerequisites for this course.

## WHAT WILL I STUDY?

This course will cover the theory and practical functions to carry out gas testing of an atmosphere prior to entering a specific area or confined space. The main topics that will be covered include:

- Identification of hazardous environments
- Possible contaminants and their effects
- Selection and calibration of equipment
- Record keeping
- Use of hazard control measures and use of PPE
- Maintenance and fault finding of equipment
- Sampling patterns and testing regimes

## ASSESSMENT

Participants will undertake a theory assessment and a practical assessment. The theory assessment assesses whether each participant has adequate underlying knowledge to successfully gas test atmospheres. The practical assessment assesses whether each participant has the requisite skills to be deemed as competent in gas testing atmospheres.

## WHAT MATERIALS/EQUIPMENT DO I REQUIRE?

- Participants must wear work clothing including long-sleeve shirts, long pants and steel-capped boots.
- Workbooks, study guides and other learning material will be included within the course.

## COURSE OUTCOME

On successful completion of assessment, a nationally recognised Statement of Attainment will be issued by Broadspectrum Training Services under the competency MSMWHS217 Gas Test Atmospheres.

## DURATION, DELIVERY METHOD, PARTICIPANTS AND PRICE

- 4 (four) hours
- Delivery may be provided on or off the job
- Maximum participant numbers will apply at 10 people
- Individual or group bookings available
- Professional quotation provided upon request
- For scheduled courses per person cost is **\$190.00 each**

## COURSE VENUE

Broadspectrum Training Services can provide this course at our training facility or at your premises upon review and confirmation you have the appropriate facilities and resources available to conduct the delivery.
