## ABOUT THIS COURSE

This course teaches the skills and knowledge required to prepare and operate vehicles and related equipment to patrol pipelines or otherwise drive across a variety of terrains.

This unit of competency applies to operators who are required to check their vehicle daily for damage, ensure fuels and lubricant levels are maintained, effect minor repairs, prepare and maintain field equipment, and communicate with their base station.

## PREREQUISITES

Participants must have completed authorised training in the following subjects:

- C class driver's license equivalent (manual transmission) or exceeds (e.g MC).

## WHAT WILL I STUDY?

The main topics that will be covered include:

- Preparing to undertake a journey
- Securing loads
- Undertaking a journey (Journey management)
- Operating a 4 wheel drive vehicle
- Recovering a vehicle
- Defensive driving.

## ASSESSMENT

Participants will undertake a theory assessment and three practical assessments. The theory assessment assesses whether each participant has adequate underlying knowledge to successfully operate vehicles in the field. The practical assessments assess whether each participant has the requisite skills to be deemed as competent in operating vehicles in the field as per the evidence requirements of the *PMASUP236*.

## WHAT MATERIALS/EQUIPMENT DO I REQUIRE?

- Participants must wear work clothing including long-sleeve shirts, long pants and steel-capped boots.
- Workbooks, study guides and other learning material will be included within the course.

## COURSE OUTCOME

On successful completion of assessment, a nationally recognised Statement of Attainment will be issued by Broadspectrum Training Services under the competency *PMASUP236 Operate vehicles in the field*.
